Vision

Becoming global leading, honorable supplier providing the products and services in electric transmission, industrial automation and new energy fields

- the world's leading and most respected provider of electric drive, industrial control, and new energy products and services
- Key High-new Technology Enterprise of National Torch Project
- Listed public in stock A market of Shenzhen Stock Exchange
(Stock Code: 002334)
- Listed in top 10 of the industry and No.1 listed

Founded in 2002, with more than 1,600 employees

© 12 Subsidiary Companies

© 9 R&D Centers

About INVT

INVT Business

INVT always is committed to extend and expand its core business with power electronics technology

INVT AUTOMATION SOLUTION

About INVt

Global Network

Business Concept: sincere, credit standing, professional and ambitious

Core Values: work together and keep improving

Business Policy: innovation, quality, standardization, development

Corporate Mission: make all efforts to offer value-added products and services to strengthen client's competitive advantages.

- 30 offices are set up domestically and internationally
- 400 distributors in China and the world

- Overseas branch offices in Belgium, Turkey, India, Russia, Braze, Australia
- Listed in top 10 of the industry and No.1 listed.

INVT Solar Inverter

With years of experience in global operations, INVT will provide you with competitive products and services

- ◎ Base on strong and advanced R & D centre
- ◎ Years of technology accumulation and application experience
- ◎ Years of researching in photovoltaic power systems
- ◎ Years of researching and developing Inverter Topology Technologies

INVT, the top brand of solar inverter in China

INVT Solar Inverter

Providing Best Inverters for Your Photovoltaic System:

Single phase
1-3kW

Single phase
4-6kW

Three phase
6-15kW

Three phase
20-30kW

INVT Solar Inverter

iMars B Series Solar Inverter

Dual-DSP Control Platform Technology

With higher Precision of Dual-DSP control platform, more stable and reliable for your solar system.

Integrated DC Switch

Easy and cost-effective for system installation

INVT Solar Inverter

iMars B Series Solar Inverter

SUNCLIC DC connectors (IP68)

Easy connection with DC plug-in connectors;
 Disconnection with a screwdriver only, made of MPPE;

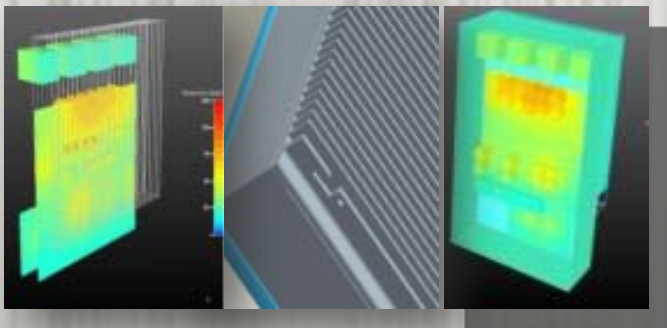

Wide LCD Screen Display

Multilingual and graphics LCD display
 Easy to view and configure system, efficiency and other records information

INVT Solar Inverter

iMars B Series Solar Inverter

Thermal Simulation Technology
 With system-level thermal simulation technologies,
 to make sure of product's reliability and lifetime

INVT Solar Inverter

Accessory: Monitoring System (Support Phone)

Resource Guarantee

Resource Guarantee

Strong R&D Platform

- China National Accreditation Board for Conformity Assessment (CNAS) National Laboratory
- only one "inverter engineering technology research and development center" in Shenzhen
- only one with TUV-MARK signs manufacturer in China
- only one with ACT lab by TUV SUD qualified manufacturer

9 R&D Centers

10% turnover put into the R&D funds

7 national standards of Inverter industrial maker

Resource Guarantee

Strict Quality Management

Certification authority

R & D, production and management system by TUV, ISO9001 : 2008

CE Certification

TUV: ISO14000 certification

TUV: OHSAS18000 Certification

Resource Guarantee

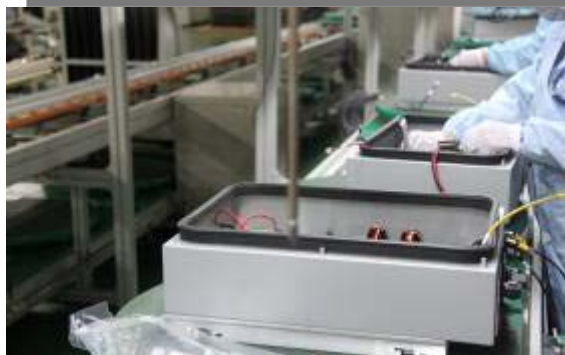

Strict Quality Management

Integrated supply chain management and control platform, Total Quality Management system, efficient operation, lean manufacturing, timely supply. Production bases located in **Shenzhen, Shanghai, Suzhou, and Xi'an.**
